

Kahr's Most Popular 3" Barrel 9mm Model is Now Available in **a Value Priced Package** featuring Kahr's seven patents

Kahr Arms is pleased to kick off their newest series of Kahr pistols - the CM series. The new line begins with the Kahr CM9093 which is based on Kahr's most popular 3" barrel 9mm model the PM9093.

The CM9 slide is only .90 inch wide and machined from solid 416 stainless steel slide with a matte finish, each gun is shipped with one 6 rd stainless steel magazine with a flush baseplate. Magazines are USA made, plasma welded, tumbled to remove burrs and feature Wolff Gunsprings. The magazine catch in the polymer frame is all metal and will not wear out on the stainless steel magazine after extended use.

Kahr offers the CM series at a great value price but did not compromise on the features, accuracy or reliability found in all Kahr pistols.
