2020 FALLEN OFFICER PROGRAM

Kahr Firearms Group, a leader in innovative firearms design and manufacturing, is proud to continue the Fallen Officer Program.

Through the Fallen Officer Program, Kahr Arms will donate a Thin Blue Line model PM9 customized with the fallen officer's name on the side of the slide, and his or her badge number and "end of watch" date engraved on the top of the slide. The gun can then be used to raise money for the family or remain with the family as a keepsake.

The special edition Thin Blue Line PM9 was introduced in 2018 by Kahr Firearms Group to honor the men and women of law enforcement who form a "thin blue line" between a lawful and lawless society. These officers place their lives at risk to protect their communities from harm. In doing so, they deserve the respect and gratitude of those they serve.

The "Thin Blue Line" PM9 slide is finished in durable Armor Black Cerakote. All other exposed metal parts are blacked out, and a blue line is added encircling the slide. This special model comes equipped with easy-to-see TruGlo Tactical Night Sights. Two flush mount six-round magazines and one seven round extended magazine are included. Each of which have been blackened for concealability. As with all Kahr Premium Series firearms, a full limited lifetime warranty is included.
