Kahr Firearms Group Donates to NRA Law Enforcement Division

(Greeley, PA) - Kahr Firearms Group, a leader in innovative firearms design and manufacturing, is proud to announce its support and donations to the NRA Law Enforcement Division.

Kahr Firearms Group has donated eight Thin Blue Line PM9's (PM9093TBL) to the NRA Law Enforcement Division. Two of these will be used as special Firearm Awards at the National Police Shooting Championships this September. One will be part of the NPSC Fund Raising Raffle which helps fund the program, and the second will go to the High Scoring First Time New Shooter in the Production Duty Gun Championship. For the remaining pistols, one will be used for each of the NRA Regional Tactical Police Competitions that are held across the county as a Random Draw Firearm Award. The drawing takes place after the Awards Ceremony concludes, with all competitors eligible except for those who were already awarded a Firearm Award. This will allow all of the LE participants, no matter their competitive skill level, a chance to win the special Thin Blue Line PM9 and have a cherished memento from Kahr Firearms Group.

"The NRA Law Enforcement Division is proud to have Kahr Arms as a supporter of our Law Enforcement Competitions Department. Kahr Arms has been a popular firearm with law enforcement officers for years," said Glen Hoyer, the Director of the Law Enforcement Division. "This donation of firearms, to use as prizes for our competitors, shows how much they care about America's law enforcement and we appreciate their support."

"We are very proud to support the NRA Law Enforcement Division," says Jodi DePorter, Director of Marketing at Kahr Firearms Group. "At Kahr Firearms Group, we strive to show continued support for the heroes behind the badge who serve and protect us daily. We are truly grateful for their sacrifice and dedication."

The Thin Blue Line PM9 was introduced in 2018 by Kahr Arms to honor the men and women in law enforcement who risk their lives to "serve and protect.." Its slide is finished in durable Armor Black Cerakote with blacked out exposed metal parts, and a blue line is added encircling the slide. This special model comes equipped with TruGlo Tactical Night Sights, two flush mount six-round magazines and one seven-round extended magazine. MSRP for the Thin Blue Line PM9 (PM9093TBL) is \$899.
