

P9-2 SERIES

For over 25 years, Kahr Arms have been the experts at making the perfect carry pistol. Beginning with the original K9, Kahr pistols are the optimal combination of accuracy, compactness, reliability, and performance. The latest evolution of the family further enhances the Kahr concealed carry formula, refining the design of the P series pistols by adding two new 9mm variants: the P9-2, and TP9-2.

Each of these pistols carries forward the slim, smooth, lightweight design of the P9 and TP9 handguns. Every P series gun has an accurate, match grade, polygonal rifled Lothar Walther barrel. With the "Dash Two" evolution, an accessory rail is included on the dust cover. Front cocking serrations are machined into the slide. The mag catch is improved. TruGlo® tritium night sights are standard on both models. The slide is blackened stainless, with a black polymer frame. Each gun comes with two flush fitting magazines, and a limited lifetime warranty. The P9-2 and TP9-2 pistols are the next evolution in the perfect concealed carry pistol!

MODEL: TP90S94N

9 MM | **8+1 ROUND**

- ▶ Barrel: 4.0", Polygonal rifling; 1-10 RH twist
- ▶ Length O/A: 6.5"
- ▶ Height: 5.0"

The Kahr Firearms Group family combines Kahr Arms, Magnum Research, and Auto-Ordnance, into a single American brand providing products of exceptional quality for the discerning consumer. Kahr Arms is the original expert at making compact, semi-automatic pistols. The C, P, and K series handguns represent the best option for concealed carry. Magnum Research Inc. produces the Desert Eagle, and BFR handguns. The recognized magnum handgun experts, Magnum Research also produces the ultralight, super accurate SwitchBolt rimfire rifle. Auto-Ordnance manufactures a range of historical firearm reproductions, including the legendary Tommy Gun, 1911 pistol, and M1 Carbine. All three brands make up the Kahr Firearms Group family of firearms.
