QUICK PRODUCT GUIDE

2026 Spring/Summer Edition

Effective Dates: 4/1 - 7/31, 2026

TABLE OF CONTENTS

A Letter from the Owner: Justin Moon

For over 25 years, Kahr Firearms Group has been dedicated to the art of producing exceptional American made firearms. Beginning with the original K9 pistol in 1995, Kahr has focused on providing American shooters with accurate, durable, reliable, and fun firearms. The exercise of our fundamental freedom to keep and bear arms is near and dear to all of the staff at Kahr Firearms Group. This has driven Kahr's efforts to provide Americans with safe, high quality firearms that allow enjoyment of that freedom in many exciting ways. Kahr offers a range of firearms from practical pistols to concealable pistols; Magnum Research offers guns with unrivaled power and precision; Auto-Ordnance offers a range of historical firearms that honor our nation's history. Our family of brands truly has a gun for every shooter. Kahr Firearms Group exists to ensure Americans can fully exercise their fundamental liberty enshrined in the Second Amendment and enjoy themselves while doing so, our family brands truly have a gun for every shooter!

Semi-automatic firearms are in common use for lawful purposes and are protected by the Second Amendment. Kahr's devotion to the Second Amendment has led the company to become actively involved in preserving America's liberty. The decision to move manufacturing away from states that infringe on those rights was a direct statement of our resolve. Kahr's leadership has to have become active in political efforts to preserve not just the Second Amendment, but all the fundamental rights guaranteed by the Constitution. American shooters can be confident that they have a partner in the Kahr Firearms Group who will stand firm for freedom and the American way of life. This is our history, and we are proud to be a part of America's history.

As the founder and owner of Kahr Firearms Group, I want to personally thank our customers for over 25 years of patronage and support! Without our customers, we would not be able to continue providing accurate and reliable products. We remain devoted to the needs of our customers, and will continue providing them exceptional firearms for many years to come. We will continue to stand for freedom and the right to keep and bear arms!

Gratefully yours,

Justin Moon

Founder, and CEO
Kahr Firearms Group
